URGENT WARNING:
Don't Be Fooled About Chlorella!
Here's the real truth …

Dear friend,

If you're concerned about your health — you've probably heard of chlorella (pronounced klor-ell-ah) …

… It's Nature's 540 million-year-old nearly-perfect whole food.

And you probably know chlorella is an amazing single-cell algae with the uncanny ability to help:

- Detoxify your body and **remove toxins and heavy metals!**
- Maintain healthy **blood pressure!**
- Soothe **joint and muscle aches!**
- Promote healthy **cholesterol levels!**
- Put an end to occasional **digestion discomforts** — especially as you get older!
- Help reduce the appearance of **fine lines on your face** — and promote youthful vitality!
- Boost your **energy** levels — especially mid day slumps!
- Enhance restful **sleep!**
- Rev up your **immune system** — so you stay healthy year round!

In fact, chlorella is such a phenomenal nutrient …

… Millions of Japanese take it every day to protect and regain their health. It's also the food of choice in many European and South American countries …

… and the "chlorella fever" has caught on in the U.S., too.

Thousands of Americans are using this green food

"I'm feeling better than ever!"

"Believe it or not I am 80 years old and go swimming everyday. I have blood sugar and joint concerns and am also anemic. Since taking chlorella I have energy. Before I wanted to sleep all day. My joint pain has gone away and my blood sugar is in balance. My blood count is around 100 and I am feeling better than I have been for the last three years!

■ *J. Kelly, from Colorado reports …*

"My intestines are happy again!"

"Chlorella has completely eased the intestinal discomforts I have had for the last 5 years. It has given me relief."

"The health benefits are endless!"

" …the average person does not get enough green vegetables in their diet, and chlorella helps compensate for that …

… the average person may not have proper bowel elimination and chlorella helps make up for that also …

… the average woman does not have enough iron or calcium, especially after the age of forty. Chlorella is high in both …

… the average person does not repair and rebuild tissue fast enough, and chlorella helps speed it up.

These are some of the reasons why chlorella has such a positive effect on health."

What's more: Scientific studies confirm chlorella can help rejuvenate your body and promote optimal health!

Numerous researchers, scientists and nutritionists are proving chlorella is a MUST HAVE nutrient if you experience health problems. For example …

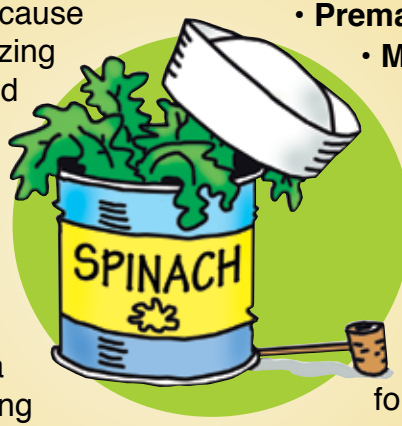
88% improvement in joint and muscle stiffness!

In a pilot study using chlorella, researchers made an astounding discovery.

Here's what happened …

Imagine what Popeye could do if he switched to Chlorella!

Popeye gets his power from chugging down a can of healthy green spinach. That's because spinach is an amazing healing food loaded with powerful antioxidants — such as beta carotene — to fight off free radical damage.



But did you know that chlorella contains an amazing **six times MORE** free-radical fighting beta-carotene than spinach?

It's true!

Imagine how good you can feel with six times MORE antioxidant protection working to fight off free radicals that cause:

- **Premature aging!**
- **Mental Sluggishness!**
- **Energy drain!**
- **Muscle aches and pain!**

Why imagine — when you can see and feel the difference for yourself! **Send for your introductory pack of Sun Chlorella today — and give your body a powerhouse of nutrients to keep you healthy!** ***See page 46!***

When individuals experiencing long-standing muscle discomfort were given chlorella every day for two months …

… an astounding 88% of them IMPROVED mobility and significantly reduced their soreness!

Helps maintain healthy cholesterol levels!

The Journal of Japanese Society of Nutrition and *Food Science* confirms that chlorella:

"Helps maintain normal LDL (bad) cholesterol and total serum cholesterol levels!"

Age defying!

Longevity experts believe the aging process is due to a breakdown of RNA & DNA — the powerful nucleic acids that create a chemical blueprint of your cells.

Dr. Benjamin S. Frank, author of *Dr. Frank's No-Aging Diet* recommend increasing your levels of RNA and DNA to compensate for the decline in production. He recommends taking 1 to 1½ grams of nucleic acids to help create healthier skin, smoother-looking complexion and fewer appearances of fine lines and wrinkles.

Up until recently, nutritionists recommended sardines as the highest source of nucleic acids. But researchers have now discovered that ounce per ounce **chlorella contains 17**

times more nucleic acids than canned sardines!

But despite real life experiences and documented case studies of patients putting an end to everyday muscle aches and soreness … digestive worries … low energy levels … sleepless nights … and toxic overload …

There's a sinister secret behind chlorella. *The truth is …*

Many folks taking chlorella won't EVER experience these near-miracle health benefits!

Why?

Because they're taking the **wrong** chlorella — and no one is telling them about this!

Yes, THOUSANDS of Americans are fooled and tricked into thinking all chlorella is the same. And hucksters, scam artists and numerous chlorella "wanna be's" are taking advantage of innocent folks searching for an alternative health solution — and robbing them BLIND!

I don't want that to happen to you!

My name is Dr. David Nelson — and I've studied chlorella for over 20 years. I've recommended this amazing all natural solution to my patients and seen them experience a revival of health.

And as a runner, I personally take chlorella to help increase my endurance, stamina and recovery after my workouts.

Plus, I believe chlorella is such an amazing gift from Nature — I give it to my 4-year old son every day!

So why am I issuing a WARNING about chlorella?

Because to get the optimum benefits from chlorella, you should take only a SUPERIOR form of chlorella. And double blind, clinical trial studies as well as numerous research papers show that nutritionally speaking, **chlorella pyrenoidosa** is by far your best choice!

I'm talking about studies from: the *Journal of Japanese Society of Nutrition and Food Science*, School of Medicine of Virginia Commonwealth

(Continued on next page …)

University, noted researcher Dr. Randall Merchant and the Kanazawa Medical College Department of Serology, just to name a few.

All these experts credit **chlorella pyrenoidosa** for helping folks experience the remarkable health breakthroughs mentioned in this special report.

But many of the chlorella products on the market are not research certified. They contain inferior forms of chlorella that simply don't make the grade — and won't deliver on their promise to help restore your health.

By looking at the different types of chlorella, you may not notice a difference — but your body will!

Why do other chlorella companies use inferior forms of chlorella?

Maybe it's to save money. The inferior brands are definitely cheaper to produce.

Maybe it's because the low-grade chlorella is commonly available from large processing companies. They don't have to work hard or take the time to cultivate, nurture and harvest chlorella to its maximum healing capacity.

Or maybe it's because they just don't know any better!

Whatever the reason — I want YOU to know the truth and stay away from these imposters!

So I'm telling you right now: If the chlorella you're taking isn't the high quality, research-tested **chlorella pyrenoidosa** — you might as well toss it in the trash!

But there's one more dark secret you MUST know about …

If you're fortunate to be taking chlorella pyrenoidosa — that's good news! You've taken the first and most powerful step to achieving your health goals. But there's one more thing you need to know.

There's a second sinister secret most chlorella companies will NEVER tell you about.

And I actually stumbled on this discovery! Here's what happened …

I was compiling information to document why Americans should only use chlorella pyrenoidosa. In the process of comparing numerous brands of chlorella products — I made a startling discovery. In fact, what I uncovered completely SHOCKED me! Here's why:

Just about any scientist who studies chlorella knows this amazing nutrient contains a steel-trap outer cell wall. That wall protects the powerful chlorella nutrients inside. These nutrients include:

- **Chlorophyll** — a superior antioxidant and detoxifier that filters toxins and sweeps heavy metals out of your body!
- **Chlorella Growth Factor** — Containing youth-enhancing nutrients to fight the ravages of aging and keep you feeling and looking younger than the age on your driver's license!
- **Over 20 vitamins and minerals** — that synergistically keep your body in balance and deliver optimum nutrients to your cells!
- **And an additional 18 beneficial amino acids** — including 8 essential ones your body can't produce on its own! That means you get OPTIMUM nutrients in every serving! But in order to benefit from these nutrients that can help you ease joint and muscle aches … soothe digestive distresses … boost

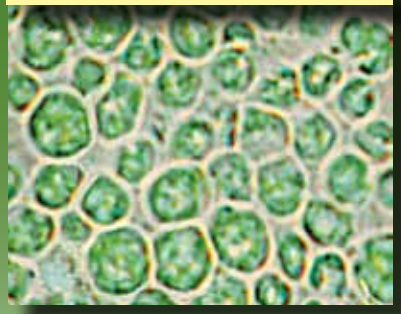
Sun Chlorella's Superior DYNO®-Mill patented process crushes chlorella's hard outer wall into a JUICY pulp!

Ordinary chlorella has an unbroken cell. Nutrients stay locked in — and your body can't get to them.

Sun Chlorella's DYNO®-Mill process pulverizes chlorella cells. By crushing a whopping 95% of the cell wall — nutrients are available to help you gain the vibrant health you deserve!

ORDINARY CHLORELLA —
hard cell walls keep nutrients from getting into your body



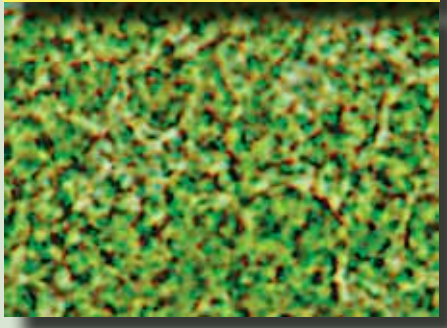
Get TWICE the Power of Chlorella!

Using the patented DYNO®-Mill process — you increase the digestibility and assimilation of all the nutrients in chlorella — including the amazing Chlorella Growth Factor contained within each cell wall!

Some competitor brands may test the digestibility of their products over a 16-hour period. But Sun Chlorella is tested ***over a 4-5 hour period,*** **which more closely mirrors the human digestive rate and can give a more accurate response.**

The methods of our competitors are about 40% effective — at best. But with Sun Chlorella, you absorb over 80% of the nutrients in chlorella! **That's TWICE the power of chlorella to help you experience healthy and vibrant living!**

SUN CHLORELLA
The DYNO®-MILL process makes the nutrients easy to absorb and digest.



energy levels … and promote healthy blood pressure and cholesterol problems …

… the chlorella cell wall must be **pulverized** — yes, crushed to a miniscule powder so it can be absorbed by your body!

Now here's the eye-popper:

An unbelievable **97% of the chlorella** products I reviewed did NOT pulverize the cell wall!

Some of these manufacturers use:

- **Heat:** to burn up the cell walls
- **Cold:** to freeze and crack the walls
- **Enzyme therapy and other chemicals:** to attempt to dissolve the walls

But think about this:

What happens when you overcook your vegetables? You lose most of the nutritional value!

And the same thing can happen to chlorella with these inferior manufacturing practices!

Plus, those treatments only partially penetrate the cell walls. That means the unbroken cell walls keep most of the nutrients locked inside. And if your body can't get access to the powerful chlorella nutrients — you won't feel better! But that's not all …

… Many of these chlorella brands use artificial additives such as shellac, acasia gum, stearic acid and powerful chemicals including silicon bioxide, carnauba wax, carmellose sodium, and carboxymethylcellulose in their attempts to break the cell wall. I don't know about you — but I don't want those chemicals coming near my all-natural chlorella food!

It's no wonder folks who use these "wanna be" products don't experience the full power of chlorella! Those shoddy manufacturing practices are actually preventing you from gaining the vibrant health you deserve!

But there's good news …

I found only ONE brand that actually pulverizes the cell wall to release the chlorella nutrients. And this is the brand the folks in this special report are raving about.

It's called **Sun Chlorella.**

(Continued on next page …)

And here's why it's by far the BEST, and in my opinion, the ONLY chlorella you should ever take.

Sun Chlorella contains the right form of chlorella pyrenoidosa — the one researchers claim is the best! But that's not all.

The folks at Sun Chlorella invested years and a substantial amount of money to create an exclusive, patented technology called DYNO®-Mill.

With this state-of-the art technology, the tough outer cell wall doesn't stand a chance. In fact, DYNO®-Mill has been tested and proven to pulverize **over 95 percent** of the cell wall. That means you get **maximum digestion** and **absorption** of chlorella!

And the chlorella nutrients start to work immediately — feeding your body with the best whole food in the world!

No other company can make that claim! And that's why Sun Chlorella is the only chlorella product you should ever take!

As a doctor — I've seen the exceptional health benefits of real chlorella on my patients. They've increased their energy levels … boosted memory power … maintained healthy cholesterol and blood pressure levels … and feel decades younger!

And I've experienced chlorella's near-miracle power in my own life. I've been a runner for over 30 years. Sun Chlorella helps remove toxic impurities from my body so I have more endurance and stamina. At 104 years old, I'm still running today — thanks to Sun Chlorella!

So I hope you see why I had to get the word out on the chlorella scam that's robbing folks of their hard earned money — and decades of healthy living!

Now that you know the RIGHT chlorella to take — you're about to uncover the amazing ways Sun Chlorella can increase your energy levels … eliminate toxins from your cells … and promote vibrant and healthy living …

What's your biggest health concern?

So you're worried about your …

- **Cholesterol**
- **Blood sugar**
- **Circulation**
- **Joints**
- **Blood pressure**
- **Digestion**
- **Sleepless nights**
- **Energy levels**
- **Memory problems**

Now what?

Here's how to unleash the power of Sun Chlorella to help you experience your own health miracle!

You're about to discover a surprising cause of many common health concerns.

It's called toxins — and by God — they're EVERYWHERE!

According to the Center for Disease Control, an average American body contains **at least 116 unnatural chemicals!** Some of these toxic chemicals include pesticides the U.S Government banned more than two decades ago — but they're still inside your tissues and cells! Where do these toxins come from? Here's just a short list:

- **Water!** Just turning on your faucet exposes you to environmental pollutants. A study from the Washington DC Center for Study of Response Law reports municipal water supplies are polluted with over **2,100 known chemicals!** More than **60,000 chemical contaminants** exist in America's water supply. And this tainted tap water can lead to scores of health problems each and every year!
- **Air!** Just taking in your first morning breath can fill your lungs with dangerous pesticides, sulfur oxides, carbon monoxide and ozone. According to the World Health Organization (WHO), nearly 1.5 million people worldwide die each year from health problems linked to indoor air

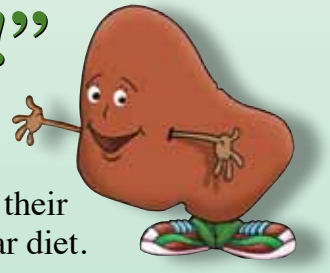
If your liver could talk, it would say,

"Take Sun Chlorella every day!"



Here's why …

Sun Chlorella may just be your liver's best friend. This amazing nutrient:

- **Helps your liver process cholesterol in foods!** That means less work for your liver!
- **Provides a natural source of fiber, folate and vitamin B-12** — all critical nutrients to help you maintain healthy cholesterol levels!

Does Sun Chlorella really help promote normal cholesterol levels? *Does it ever!*

A study printed in *The Journal of Japanese Society of Nutrition and Food Science* shows there's a safe and easy way to maintain healthy cholesterol levels.

Here's what the researchers discovered …

Patients were given 9 grams of chlorella each day for one year and continued to eat their regular diet.

Tests showed the patients were able to keep their total serum cholesterol and LDL (bad) cholesterol at healthy levels — without making any additional changes to their diet!

pollution. Over half of the U.S. population lives in counties with unhealthy levels of either ozone or particulate pollution.

- **Foods!** The FDA has approved the use of more than 2,800 unnatural food additives. Over 80% of our food supply has genetically modified ingredients, toxic chemicals and hormones! Plus, the quality of our foods — both plant and animal — is getting weaker. For example, in 1948, one bowl of spinach contained 158 milligrams of iron per hundred grams. Today, you'd have to eat over **75 bowls** of spinach to get the same amount of iron!

- **Perfumes, make-up and personal care products!** Have you ever taken a whiff of an odor and immediately felt sick? That's your body's way of telling you to get away from that fragrance! But nowadays it's nearly impossible to avoid coming in contact with chemicals. In your bathroom alone, you may have personal care products containing chemicals known to trigger headaches, fatigue, mood swings, nausea, asthma, seizures and vomiting. For example, terpineol — commonly found in after-shave and roll-on deodorants can cause respiratory problems and loss of muscle control. Toluene — popular in many perfumes — has been shown to cause birth defects!

- **Dental fillings!** Those silver fillings in your mouth can slowly release dangerous metals like mercury, copper and zinc into your body. In fact, fillings made until 1974 can continue to release mercury for 30 years!

A build-up of these toxins is already affecting your health!

The truth is: You can't get away from toxins — but you can keep them from building up in your cells and having a negative impact on your health. How? With Sun Chlorella!

Quite frankly, the amazing chlorella plant wouldn't have survived for over 540 million

Turn ordinary foods …

into *SUPER* Foods … with this:

Here's how to get more from the foods you eat!

You know eating fruits and vegetables are healthy for you. But these good foods are also loaded with toxins.

Fruits and vegetables are regularly sprayed with insecticides, pesticides and scores of other chemicals to protect and preserve their freshness. In fact, the average American consumes more than 10 pounds of food additives each year!

But now you can eat healthy foods and remove dangerous toxins at the same time. How?

With Sun Chlorella!

years if it wasn't for its remarkable restorative power! Sure, nature produces other green foods like spirulina, barleygrass, alfalfa and other forms of algae, but chlorella is in a league of its own when it comes to helping your body eliminate toxins. Here's why:

■ **Acts like a powerful magnet that attracts and removes toxins!** Chlorella's unique single-cell structure latches on to toxins and quickly eliminates them from your cells. Loaded with Chlorophyll — the most powerful detoxifier known to man — chlorella helps you get rid of heavy metals and toxins found in your water … chemicals and additives ingested from foods … and toxins and fumes you inhale throughout the day. Plus, this superior free radical killer also protects and strengthens your immune system … fuels your heart with vigorous energy … helps you take deep, healing breaths …

Want stronger, healthier bones?

Research shows you can promote bone strength by raising your body's alkaline pH level. And the best way to increase alkaline is to eat foods rich in chlorophyll.

Chlorophyll is the substance responsible for the green color in plants. So eating foods like collard greens, spinach and kale are good choices. But the most chlorophyll-rich food known to mankind is chlorella!

And Sun Chlorella is much easier to prepare than most foods – just pop the "little green pill" in your mouth – and you're instantly delivering optimum nutrients to your cells – and there's no dishes to wash!

It's that simple! Send for your introductory pack today! Call 1 800 421-3878, ext. 235 and get up to 8 FREE gifts during this limited time offer!

With Sun Chlorella — you can help:

- **Remove toxins!** The fibrous cell wall of chlorella binds to toxic metals and chemicals. It literally wraps around them and escorts these pesky toxins out of your body!
- **Support healthy liver function!** With an abundance of chlorophyll – Sun Chlorella helps purify and soothe tissues in your bowels, improves elimination of toxic fats and gives your liver a needed rest!
- **Increase toxin-fighting antioxidants!** Chlorella contains 50 times more antioxidant power than Vitamin C and Vitamin E! That means toxic invaders don't stand a chance!

- **Build healthy levels of good bacteria in your gut!** Chlorella helps stimulate production of friendly bacteria such as Acidophilus and Bifidus. This creates healthy intestinal flora and powerful protection against toxins. In fact, Chlorella helps multiply these beneficial bacteria FOUR times faster!
- **Enhance your own natural defense system!** That's because the nutritional make-up of chlorella contains an abundance of Chlorella Growth Factor (CGF). Studies show chlorella directly boosts your body's interferon production. This improves your natural defense against toxic invaders!

Research shows toxic build-up begins BEFORE birth!

In a shocking study reported by the American Red Cross, researchers took umbilical cord blood samples from unborn children and found methyl mercury plus another 286 contaminants!

What's more another study published in the *Journal of Medicinal Food* reports toxins such as dioxins are found in human breast milk.

Fortunately there's good news: Japanese researchers discovered that healthy, pregnant women taking chlorella had a significant decrease of dioxins in their breast milk.

Plus, these women also increased their levels of immunoglobulins – the immune boosting nutrient that may help promote health in breastfeeding infants!

Think about this: If

exposure to toxins start in infancy – can you imagine the amount of toxins you accumulate by the time you reach your 40's … 50's … 60's … and beyond? Scary, isn't it?

Now that you know what's in Sun Chlorella — you can see why this amazing nutrient is the BEST way to sweep out toxins that overload your cells. The proof is as they say, is in the pudding because …

The numbers don't lie …

Here's what researchers have discovered you can experience with a daily serving of Sun Chlorella …

62% improvement in joint health!

Does Sun Chlorella help ease joint and muscle stiffness? Does it ever!

In one double-blind, placebo-controlled crossover study at the School of Medicine of Virginia Commonwealth University, participants with a variety of joint and muscle stiffness were given Sun Chlorella every day for 60 days.

Researchers were amazed with the results:

Over 62% of the individuals experienced a noticeable improvement in the index that measures tenderness. But that's not all …

… Over 47% of these folks said they felt better than they had in a long time!

50% report healthy blood pressure!

In a clinical study of folks with blood pressure concerns, Dr. Randall Merchant administered placebos for 30 days and then gave the group chlorella every day for 60 days. Here's what he discovered …

Nearly 50% of the participants experienced good control of their blood pressure when taking chlorella!

A 32% boost in mental powers!

It's a fact: Taking chlorella can boost mental powers! In a study performed by the Kanazawa Medical College Department of Serology, 49 participants between the age of 70 and 90 took either 10 tablets

(Continued on next page …)

of chlorella and chlorella extract every day or no chlorella at all. After 6 months, the chlorella group showed a 32 percent improvement on the scale measuring mental abilities!

90% improvement in bowel health!

In this study, Dr. Randall Merchant and his team monitored participants with bowel and colon concerns. Many of these individuals suffered from abdominal stress, loss of appetite, tiredness and loss of body fluids and nutrients.

After taking chlorella every day, a whopping 90% of the participants experienced a noticeable improvement in their health!

My friend, these studies are just the tip of the iceberg! Sun Chlorella is such a remarkable nutrient, I tell my patients …

When you make out your grocery list — put Sun Chlorella as #1!

You know eating the right foods can do wonders for your health. And there's no better health food than Sun Chlorella! In fact, Sun Chlorella can take ordinary foods and turn them into SUPER foods. Here's how:

As I mentioned earlier, just about any food you eat contains toxins. Even healthy foods like fruits and vegetables are regularly sprayed with pesticides, insecticides and other chemicals.

Now imagine how much healthier you'll be when you can remove those toxins from your body! That's where Sun Chlorella can help. Not only is this amazing whole food chockfull of nutrients — but taking those "little green pills" can sweep out toxins that cause your cells to age faster and die sooner!

That's why Sun Chlorella should be #1 on your grocery list! You're going to feel better … look younger … and experience more energy than you have in years.

But please, don't just take my word for it. Thousands of folks — just like you — experience the Sun Chlorella miracle everyday. Here's what they have to say …

Meet some folks who experience the power of Sun Chlorella!

It's one thing when scientists and researchers show Sun Chlorella can help ease joint and muscle discomforts … boost energy levels … promote healthy cholesterol and blood pressure … sleep better … and help you FEEL BETTER …

… but it's another thing when you see and read about real folks — just like you — who use Sun Chlorella every day. These folks are so thankful for this amazing all-natural supplement that they've taken the time to personally tell you about their experiences. I want you to meet some of them right now …

"I was skeptical at first"

"When I started taking Sun Chlorella, I thought to myself this is not going to work. I was always so tired, and did not feel good. I am 62 years old and felt that my world had fallen apart. I never felt like doing anything. I have been taking Sun Chlorella for 5 months and what a difference, I am on the go all the time now, I feel so much better. My mother is 82 years old and she has been taking Sun Chlorella for 3 months. She mows her yard and can do things she has not been able to do in a long time. Thank you Sun Chlorella!"

"My dental fillings were draining my energy"

"Even though I ate healthy and exercised regularly, I was experiencing chronic fatigue. I finally decided to have some toxicity tests run – and boy was I shocked! It turns out I was carrying a toxic load of mercury — in my teeth.

My dental fillings were releasing toxic mercury throughout my body. I had my dentist remove the fillings and I immediately started to use Sun Chlorella to purify my body.

The results were nothing short of amazing. My fatigue virtually vanished! I've been taking Sun Chlorella for 9 years now — and I've got plenty of energy to spend time with my patients and family. Sun Chlorella really saved my life!"

longer bothered with an upset stomach and constipation."

— J. Bowery, West Virginia

"Keeping my intellectual edge"

I've been taking Sun Chlorella for years. I've been an avid long distance runner for the past 42 years. At 84 years old, I still compete in 5K and 10K races — often taking 1st and 2nd place in the "70 and over" age category. But in addition to helping me physically, I found that Sun Chlorella helps me keep mentally alert. As a consultant in the field of philanthropy, Sun Chlorella is helping me keep my intellectual edge in this competitive world."

"I have LOTS more energy!"

Ms. Cole

"I'm 47 and I have 4 kids (5 if you count my husband!) I'm also running a hectic business from my home. A few years ago, I started feeling drained and run down. Then a friend told me about Sun Chlorella, so I gave it a try. Did Sun Chlorella work for me?

Did it ever! At first I noticed I had more energy-lots more energy! I could put in 12-hour days without feeling wiped out. Then I noticed how my thinking stayed sharp. I was able to remember more stuff. But the best part was when lay down at night — I am out like a light!

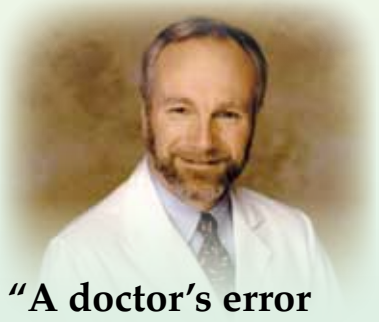
Dr. Maas



"A doctor's error nearly killed me"

"When I began experiencing constant fatigue, sleepless nights and low energy levels, my doctors were stumped.

I began to search for natural solutions and discovered Sun Chlorella.

Sun Chlorella helped restore my energy levels … get rid of toxins … and build up my immune system. I'm feel healthier than I have ever been!

I still take Sun Chlorella every day — and I recommend it to all my patients!"

— Dr. Matthias K. Maas

Practicing doctor of Chiropractic, member of the International Foundation for Nutrition and Health, sought after speaker on natural healing through nutritional therapies

Heads will turn – when they get a look at the new, healthier you!

Sun Chlorella cleans out toxins inside your cells – and it also helps you look and feel good on the outside too!

Longevity experts know the secret behind chlorella's youth-enhancing benefits is its rich supply of the **nucleic acids RNA and DNA**. These essential nutrients are the building blocks for healthy cells.

By eating foods high in nucleic acids, you can increase energy, strength and endurance. Plus, you can fight off the ravages of stress … create healthy cells … and look and feel decades younger!

Dr. Minshinori Kimura of Japan found chlorella contains higher levels of nucleic acids than the highly touted soy or sardines!

Experience the Chlorella difference in your life – and feel and look decades younger!

"Normal bowel function again!"

"After a freak accident nearly paralyzed me, I began to study natural ways to restore my body back to health. I had the privilege to work along side the late Dr. Bernard Jensen — a pioneer in chlorella research.

I decided to take Dr. Jensen's advice to try Sun Chlorella.

Within a week, the high fiber content, powerful digestive enzymes and friendly bacteria found in Sun Chlorella began to work on my body.

For years, I experienced frequent constipatation — and now I have regular and normal elimination! I can't tell you enough what a godsend Sun Chlorella was for my health. Fifteen years later, I still feel the effects of Sun Chlorella every day."

— Ellen Tart-Jensen, Ph.D.

President of the International Iridology Practitioners Association, author and lecturer.

No more tossing and turning. I've been taking Sun Chlorella for 5 years now, and I can honestly say that you have a customer for life! I tell all my friends about Sun Chlorella!

"I used to have a sensitive stomach!"

"I will be 70 years old in a week and I have had a delicate stomach since I was in my teens. About 5 to 6 years ago, I started taking Sun Chlorella. I got off it for awhile and took a cheaper chlorella, but it was

not as good as Sun Chlorella, so I am back on Sun Chlorella.

— S. Edenfield, Georgia

"I'm dancing again!"

"I find that Sun Chlorella helps me recapture my youthful vigor. I dance 4 to 5 times a week and find that dancers 20 years younger than I have to sit out a dance or two. I'm 84 and I dance every dance. I also look after my ¼ acre property all by myself. My daughter's father-in-law who is in his 70's had digressed to the point where he just sat around all day. I suggested Sun Chlorella and now he's back to walking and has an active interest in life again."

— E. Lockwood, Canada

"I'm looking and feeling good!"

Mr. Murata

"I've been using Sun Chlorella since the 1960's. My mother started using it much earlier and shared it with me. I look 20 years younger than my age. I haven't caught a cold since I don't know when. I feel younger and my body is very youthful. I can wear younger looking fashion, but with good taste-knowing that I'm about to be 80. I love my jeans."

— N. Murata, California

"I have my social life back!"

"I suffered from excessive foul smelling gas that made me afraid of leaving the house. In December 2004 your advertisement arrived in my mail box. What I saw was promising and I thought I had nothing to lose so I decided to try Sun Chlorella. After 4 weeks I already noticed the difference. I was able to leave the house and start having a social life again.

Thank you so much."

— K. Knauth, British Columbia, Canada

Dr. Kimura

"I saw remarkable results when I gave it to my dog"

"When I first read about Sun Chlorella, I decided to try it on Alex, our 12-year old Airedale.

After a week, he was a new dog — full of energy. I just couldn't believe it. When I stopped giving Alex Sun Chlorella, I saw his energy levels decline. Seeing that got me more interested in Sun Chlorella.

I'm also a vegetarian and I wanted to increase my protein levels to build strong muscles and tissues. Then I discovered Sun Chlorella has more protein ounce-per-ounce than beef, chicken or fish.

And as a dentist, I was exposed to mercury and other heavy metals regularly. I wanted to protect my body from these toxins. These are the reasons why I tried Sun Chlorella. And I'm glad I did! Sun Chlorella really did the job! I feel great. Now my entire family takes Sun Chlorella — including my 2 kids Kelly and Joseph."

— Jeffrey R. Kimura, D.D.S.

Dr. Kimura practices implantology and biocompatible dentistry privately in conjunction with the Center for Advanced Medicine in Encinitas, CA. He specializes in removing toxic materials for better oral and overall health.

"Lost 75 pounds!"

"Under a heavy work load as a school administrator, I began taking Sun Chlorella. Not only did I have more energy, stamina and endurance, but I lost 75 lbs. Everyone I see asks "How?" I give them your number! Thank you so much!

— P. Mitchell, Mississippi

"Wake up feeling great!"

"Sun Chlorella has worked wonders. I regularly take 5-6 tablets at night and I feel rejuvenated all next day! It rids your body of all excessive toxic waste from your digestive system. The energy is phenomenal because if I miss a night I feel lazy and tired all day. Sun Chlorella is a Godsend!

— S. Shah, Nova Scotia, Canada

"Taking longer walks"

I was getting out of breath on short walks. I've been taking Sun Chlorella for about 9 months now. After 2 weeks I started moving around and doing what I wanted to do without any problems. I spent a lot of money on other things, but they didn't help me like Sun Chlorella did. I've got 3 other people taking Sun Chlorella now."

— C. Sawyer, Georgia

"I've got more energy!"

"I had problems with eating healthy and sleeping due to stomach aches and stress. After taking Sun Chlorella for about 4 weeks, I noticed a drastic and positive change in my eating habits. I was losing weight! My energy level increased and that helped me to exercise more."

Ms. Laney

Sun Chlorella Purity Pledge

Sun Chlorella is a fresh water single-celled green algae. Chlorella pyrenoidosa – used exclusively by Sun Chlorella – is harvested from freshwater pools in Java, Indonesia. Due to Java's close proximity to the Equator, the sun's rays are the strongest. We believe this yields the highest chlorophyll content possible.

Once the chlorella is ready to be harvested, it is removed from the freshwater pools and then it is dried and undergoes the patented Dyno Mill process to pulverize the tough indigestible chlorella cell wall.

This pulverization releases the amazing nutrients proven to help restore health. These nutrients include: the youth-enhancing Chlorella Growth Factor, RNA, DNA, chlorophyll, 18 beneficial amino acids, antioxidants such as beta carotene, essential fiber, protein and over 29 more vital nutrients that work synergistically to eliminate toxins from your cells and restore natural balance to your body.

Our unique processing system removes any impurities and maintains Sun Chlorella at peak freshness condition. You can feel free to order several months of Sun Chlorella to save money. Freshness and quality will not be compromised!
